

CANSSI ONTARIO

September 29, 2023
DoSS Department Meeting

CURRENT PROGRAMS

Developing new methods or applying existing methods in innovative ways to support or enhance research

01

Research Award for Biostatisticians

\$30K one-year grant to support statistical/computational research on a health/biomedical problem.

In partnership with The Banting Research Foundation

NOI: Nov 1, 2023 | Full application: Jan 24, 2024

02

Postdoctoral Fellowships in Genome Data Science

\$50K one-year grant. 2023 theme: TBD. 2022 theme: statistical genetics, environmental genetics, or the economics and impacts of genomic technologies, in a climate-changing world.

In partnership with Ontario Genomics

Deadline: Nov 1, 2023

03

Multidisciplinary Doctoral Training Program

To offer doctoral positions through a Multidisciplinary Doctoral training program at DoSS

Deadline: Oct 15, 2023

04

Postdoctoral Fellowship in Statistics

Up to **\$70K** per year salary + benefits to support research that deepens our understanding of statistical sciences, incl. theoretical.

Faculty proposals due: Oct. 25, 2023

Postdoc applications due: Nov 2023-Jan 2024

05

Data Access Grants

Up to **\$5K** grant to cover costs associated with accessing and working with large data sources

Applications accepted on a rolling basis

06

Workshop/Lecture Program

Up to **\$1K** to support Ontario-based events in emerging statistical and data science areas

Applications accepted on a rolling basis

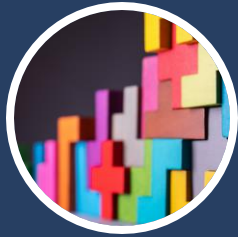

07

CANSSI Ontario STAGE

Collaboration with DLSPH; multidisciplinary training program in Genome Data Sciences. Established in 2009

Deadline: Oct 19, 2023

SEMINARS

DATA SCIENCE APPLIED RESEARCH & EDUCATION SEMINAR (ARES)

- Top international data scientists | Academics across diverse fields
- Mondays, 3:30-4:30 pm ET, Sep-Apr
- With DoSS & PAC

DISTINGUISHED LECTURE SERIES IN STATISTICAL SCIENCES

- Date: TBD
- Speaker: TBD
- World-renowned Statistical Scientist
- With CANSSI

RESEARCH DAY

- Mix of keynote lectures, debates, or poster presentations to showcase data science research in Ontario
- Annual, 2024 date TBD

STAGE INTERNATIONAL SPEAKER SEMINAR SERIES

- Est. 2010, national
- Experts in statistical genetics & genetic epidemiology
- First Friday of every month, 12-1 pm ET Oct-Jun

**THANK
YOU**
